TIME SOMEONE GOT A MOVE ON Many Hands Are Now Rushing Matters In Fairfield Avenue, West End

Nearly 300 laborers are at work on Fairfield avenue, west of Norman St., getting the road ready for the laying of the permanent pavement in the thoroughfare. F. T. Ley and company of Springfield have 150 men here raising the trolley track for the Connecticut company and the United Illuminating company has as many more men at work getting in their conduits, which are now all completed from the railroad viaduct east as far as Norman street.
It is expected that Conl and company will have the Fairfield avenue sewer work finished by the end of this week, so it begins to look as if work can be started on the laying of the pavement within a week or so. When the Ley company finishes the work of raising the trolley tracks on Fairfield avenue it will lay a conduit on North Washington avenue from Main street to the Berkshire Bridge for the United Illuminating company.

Alliance, O., June 11.—Four persons were injured, two seriously, early today, when five tons of fireworks, stored in the four mill of W. A. Wilmet at Reedfield, 10 miles north of here, blew up. Two churches and many residences were partially wrecked by the explosion. The total damage is estimated at \$40,000.

FOSS VETOES BILL GIVING NEW HAVEN ROAD MORE ROADS

Boston, June 11.—The legislative bill permitting the New York, New Haven & Hartford Railroad to acquire all the trolley lines in the state west of Worcester was vetoed by Gov. Foss, today.

PATERSON SHAKEN BY BOMB TODAY

Pateron, N. J., June 11.—Pateron was shaken, early today, by the explosion of a bomb in front of the home of three brothers who had persistently refused to join the silk strikers. The house was damaged but the occupants were uninjured and later they went to work as usual under an escort of police. It was the second attempt to dynamite the home since the strike began.
Sixteen strike pickets were arrested in front of one of the silk mills. Twenty-five men who returned to work at a dye mill, Monday, failed to report, today.

INSANE STRONG MAN GIVES POLICE FIGHT

A strange case of love and bigamy has been related to the police by Antonia Salerno, or "Ross," held at Lakeview home until his sanity can be ascertained, and his brother-in-law, Galerno Sebastiano, 36 Lexington avenue.
When arrested in front of 250 North Washington avenue yesterday afternoon, while attacking Mrs. Carlo Francesco and John, children of 19 North Washington avenue, Salerno snapped steel handcuffs like toothpicks and required the full strength of four stout policemen to subdue him. He was strapped to a chair and taken to the home. Salerno alleged that he came to Bridgeport eight years ago. His statements are partly borne out by a brother-in-law and tickets found in his possession but the case is unable to connect the assault pair with the case in any way.

U. I. CO. SUE CITY

The United Illuminating Co. has appealed to the superior court for relief from the assessment of \$1,097.85 for benefits alleged to have been received as a result of the new pavement at the western approach to the Congress street bridge. Deputy Sheriff Donnelly served papers today on City Clerk Boucher.

It is claimed the common council passed a resolution ordering that one half the expense for the pavement should be paid by owners of property which received benefit. The aggrieved company, which has a power house at the western approach to the bridge, says the grade of the street was raised without order of the council and that damage to the amount of \$2,000 resulted.

—OBITUARY—

Bridgeport lost one of her oldest and most highly respected citizens this morning when James McCullough passed away at his home, No. 70 Milne street following an illness of a few days duration. James McCullough was among the earliest Irish settlers of this city. Born in Ireland 89 years ago he came to this city when still a young man and resided here ever since. During the three score and more years which he lived here he was held in high esteem by all who knew him and news of his death will be received with genuine regret by hosts of friends and acquaintances. He was a member of St. Augustine's parish and throughout the whole of his long and active life always took a lively interest in church affairs. He was a member of the church societies and a regular communicant at the altar. Simon McCullough, the well known police officer, is a son of the deceased and one daughter, Mary, also survives.

The Weather—Fair, slightly warmer tonight and tomorrow.

More and prettier women's white shoes.

One thing seems to be assured; more women will wear white shoes this summer than ever before.

Good reason for it, too. Women have learned that white shoes are very very comfortable. They have learned that no other shoes look quite right with white dress or skirt. And they have learned that, much to their surprise, white shoes give good service.

There is greatest gathering of such shoes here that ever the store has offered women choice from. And they are shoes that one may depend upon for comfort, and for appearance, and for service. There are plenty of light and fine shoes for dress wear—and there are plenty of stouter sorts for harder service.

Pretty black dresses of summer weight.

It is convenient to walk into the store, choose a black dress that suits in pattern and style, and not have to put up with usual bother of cutting and making—or of waiting for dressmaker to get time to attend to one's wants.

Here is ready so great a variety that one is quite sure to find satisfactory dress. Here is so great a range of qualities and styles that one's purse is sure to be suited. And this convenience is offered at fair cost: one is almost sure to be able to buy dress for much less than usual price of material and dressmakers' service.

70 MILES OF STREETS OILED

By the end of the present week more than 70 miles of streets in Bridgeport will have been treated with a coat of road oil with the end in view of settling the omnipresent dust which makes traveling around the city in the good old summer time anything but a pleasure.

The water sprinkling on the last of the macadam streets was finished today and there will be no more water sprinkled on any except permanent pavements during the balance of the summer.
